Springfield Lawyer Gets \$2,400 Job Vacated by Mott Ayers.

THIRD TIME THE CHARM

Will Devote His Entire Time to The Office After January 21.

Frankfort, Ky., Jan. 11.—After several unsuccessful efforts on the part of Auditor Frank P. James and Insurance Commissioner to secure some one to except the appointment of State Fire Marshal to succeed Mott Ayres, the position was today accepted by W. F. Neikirk, of Springfield, Washington county, and he will assume the duties on Jan. 21, and relieve Col. Ayres, who agreed to hold on until some one had been found.

The new appointee is a trained lawyer and is said to be qualified in every way to manage the office and also to successfully conduct any investigations which may arise.

These social sessions will be held every month.

SUES L. & N.

Plaintiff Asks For \$1,500 Damages.

Dr. T. P. Allen has sued the L. & N. Railroad Company for \$1,500 damages. Plaintiff alleges that in May last, he purchased a ticket at Bowling Green for Empire and came as far as Guthrie. He further states that when he attempted to board the fast train, the only train on which he could reach his destination before the expiration of said ticket, he was refused admission. He was therefore compelled to remain over night at Guthrie and had to buy a ticket to Empire, the old ticket having expired. Dr. Allen alleges further that he had some patients at Empire who needed his services and that his wife was compelled to remain at home unprotected all night.

MARRIAGES

For January May Outnumber That of a Year Ago.

There is a prospect of an increase in the number of marriages this month over that of last year. Already seven licenses have been issued up to and including Saturday, the 11th. License was issued to Robt. L. Wortham and Miss Hattie Mabrey last Saturday.

REAL WINTER

Shows Up at Last, Much to Farmer's Gratification.

Sunday was a miserable day. A cold rain fell slowly all day and about 8:30 sleet and snow began to fall. Snow fell pretty much all night but melted about as fast as it fell. Yesterday morning the ground was slightly covered with "the beautiful," and we had the first of real winter to date. The temperature was not very low, but with mud on the streets, a cold wind and snow on the sidewalks made Monday the most disagreeable day of the winter. Farmers were hopeful that a deep snow might follow soon, as wheat is badly needing it.

NEGRO LYNCHED.

Darkies Hang Negro Who Duped Them.

Charlotte, S. C., Jan. 9.—At Pine Level, Johnston county, a strange negro was lynched by a negro mob. The negro, purporting to be an advance agent of a "big show," induced the negro residents into attendance on what turned out to be a one-man performance by the negro himself. Their heads covered with guano sacks, the mob entered the negro's boarding house early Tuesday morning and took him forcibly to the woods. His body was found at daylight on the Southern Railroad track. His identity has not been established.

LOWER ROOMS

Of Christian Church Ready For Use By Sunday.

The improvements on the Christian church have so far advanced that services will be held next Sunday in the Sunday school room on the first floor. The court house has been used for several months for the regular morning services, but all services will be held next Sunday in the remodeled building. The room above will be completed in a few weeks.

"I trust this may be read by many sufferers from kidney and bladder troubles," writes Mrs. Joe King, of Woodland, Tex. "I suffered four years and could find nothing to give even temporary relief. Our druggist at last induced me to try your 30 days' treatment of Pineules for \$1. This one bottle has cured me and money could not buy the value it has been to me. Guaranteed. Sold by Anderson-Fowler Drug Co., incorporated."

SOMETHING GOING ON

Police Have Made Arrests For Grand And Petit Larceny.

A WOMAN WAS IN IT.

Negro Boy Arrested For Appropriating Goods of Two Merchants.

Things at beginning to "look up" again in police circles. Two arrests for grand larceny and one for petit larceny were made Saturday.

Ora Buckner, a colored school teacher, and who stands high in her "set," was arrested on the charge of grand larceny. She is charged with stealing a \$30 set of mink furs from J. H. Anderson & Co. about the 7th or 8th of December last. The warrant, it seems, was sworn out on the best of evidence, as the woman appeared in one of the stores of J. H. Anderson & Co. a few days since wearing the furs. They are said to have been identified by several of the salespeople in the store. The woman was released on bond to appear in court some time soon and make her defense. It is said that her defense will be that a negro boy who was with her the day the furs were appropriated took the furs home and gave them to the defendant, saying at the time that he had picked them up from the floor of the store.

Gus Robb has been in durance vile since Saturday night. He was arrested on the charge of stealing two pairs of pantaloons. His victims are said to be J. T. Wall & Co. and the John Moynon Co. His trial had not been held when we went to press.

Another negro, by the name of Roy Bowles, was arrested on the charge of appropriating a pistol in the home of Pearl Bush, a colored woman. Bowles is a tough character and has recently returned from the penitentiary, where he served a term for stealing or some other crime. When Special Officer Booth Morris went to make the arrest he knew he might meet with resistance but he was on the alert. When he got near the negro Bowles dropped his right hand into his coat pocket as if to get his gun, but Officer Morris got the drop on him and told him if he drew his pistol he would kill him. The negro let his pistol fall to the floor, when Morris took him in charge and landed him in the lock-up.

NEW TRAIN

Will Be Known as "Dixie Flyers."

Two new L. & N. trains were put out this division yesterday. The new trains are classed as Nos. 94 and 95, and will be known as "The Dixie Flyers." These trains will run through from Chicago to Florida. The first train, No. 95, southbound, passed through Hopkinsville at 9:37 a. m. yesterday, in charge of Capt. Lou Waltz. Capt. F. C. Gephart, will, however, have charge of the run from Evansville to Nashville. He went to Evansville yesterday and will report for the new run this morning. The new train consists of a combination baggage and express car, smoker, day coach, Pullman sleeper and a diner, and is a very handsome train. No. 94, northbound, will pass Hopkinsville at 5:43 p. m. The two new trains will do local passenger work between Earlington and Guthrie, stopping at Earlington, Morton's, Nortonville, Mannington, Crofton, Kelly, Hopkinsville, Pembroke, Trenton and Guthrie. This gives Hopkinsville ten passenger trains daily on the L. & N. There are few changes in the old schedule of the L. & N. No. 62, northbound, arrives here at 10:16 instead of 10:08 as formerly.

AMUSEMENTS

In the stage production of "Quincy Adams Sawyer" the essential features of Charles Felton Pidgin's famous New England novel of the same name have been followed, and they are said to have been handled to extremely clever advantage. It is a distinctly enjoyable, both in itself and in the ingeniously natural work of the people presenting it. The production to be seen here at Holland's opera house Jan. 18, by the way, is the same in every detail of scenic production and cast as seen during the New York run recently at the Academy of Music. There is a laugh almost everywhere, despite the tender seriousness pertaining to Alice Pettengill's pathetic figure as the much loved blind girl and to her value as the central feature of the love story. It is a most entertaining picture of rural life and presented on quite a different plan from any other bucolic drama. Its features and typical characters are said to be exceptionally well presented.

Reports from the West show that Nixon & Zimmerman's production of "The Gingerbread Man," A. Baldwin Sloane and Frederick Rankin's delightful musical fantasy, have broken the season's records on the Coast, the play having made the biggest hit of anything that has crossed the great divide this year. At Holland's opera house, Tuesday, night, Jan. 21.

Billy Is Dead.

"Billy," the white bulldog that had for two years been the mascot at police headquarters, died Jan. 10, four days after his master, Officer W. T. Broderick, retired from the force. He had been sick for two or three weeks and gradually grew worse until he died. Billy was a great favorite with the policemen and soldier boys. He went to the Jamestown Exposition with Co. D and became the pet of the whole Third regiment. He was very sagacious and had many canine accomplishments.

HOPKINSVILLE LUMBER COMPANY,

INCORPORATED.

When the front is on the punkin and the tang is in the air,
When the sunbeams turn to yellow and the woods are red,
When the squirrel's shrill scream rings above the grove,
It is time for married folks to be puttin' up 'n' stoves!

In the morning bright and golden when the sun is over all,
Down upon his knees, repentant, every married man should crawl—
When the grapes are hanging purple and the blackberry nubs is ripe,
Is the time to bump his noggin in the attic, hunting pipe!

When the wind is softer 'soughin' through the bare an' naked trees,
Is the time for married fellows to be thwarvin' of a mess—
When the ash is kinda stiff and the sooty seaguy blows,
That's the time for married cusses to be wipin' of their nose!

When the atmosphere is warm'n' not with any but—well, you knowsear,
That's the psychologic moment when the cussed pipes won't go!
When the sunbeams dance and dazzle through the windows soft and rife,
That's the time to 'cue creation with the comin' of yer wife!

She bin tell ye how 't do it in the golden tinted Fall,
When the front is on the punkin and the tang is over all—
It's enough 't make a fellow want 't quit his home and rove,
To be laughed at by a woman when he's puttin' up a stove!

Ray Time.
"One of our best known war correspondents was married the other day," says an exchange. Well, he can't blame anybody. He knew what he was before he got into the mess.

A woman who once lived in Philadelphia is always younger than she looks, because they don't count the Philadelphia years.

The farmer who is onto his job will have three or four nice looking girls boarding at his place during harvest. Then he will have no trouble in keeping milk help.

Men may be a lot of chumps, but they know better than to guess a woman's age too old.

Two places in Iowa now claim Uncle By as a product. Oh, we're getting great, all right!

A bald head is no sign of marriage. I know a man who fell asleep beside the road and the calves chewed off all his hair.

"The smartest boy in my class at school is now a better married," says a writer in a Nebraska newspaper. The inference is that he should have been a lawyer or a trust manager, I suppose. Well, I don't know. After all, the same boy may be the happiest, and I guess that's the real answer.

Clean Up.
A young lady of marriageable age stopped the boss on the street yesterday to give him a local. While she talked he took a mental inventory of her make-up and discovered that her teeth were totally unacquainted with any such thing as a brush, her ears and neck were streaked with grime and her finger nails and hands were positively filthy. She was well dressed, but looked starchy. Poor girl! she is a regular heart-breaker among the boys and devotes lots of her attention to them. She runs around the streets whenever her job will permit her to and she poses as one of a "set." But how nice she would be if she would only wash up. There are many other girls like her, too many, in fact. If there are any of God's creatures that should be cleaned up it is a girl and it seems too bad that some of them haven't got the time to take a scrub—Manson (La) Democrat.

Left His Skin.
"A snake story without a snake is a new kind," says the Pressport (O) Press. "The other day while Emmett Hukil was wandering through the woods on the old Willoughby farm he found the skin of a rattlesnake over six feet long with two rows of rattles still attached. The skin was intact from head to tail. It will be valuable for people in that section to see a snake eye out for the big rat that once filled the hide found by Mr Hukil!"

Last Slips of Famous Willow.
The last of the six willow trees that grew from slips taken from the willow that shaded the grave of Napoleon, at St. Helena, which were planted just opposite the Sand-street gate of the Brooklyn navy yard, has been cut down. Admiral Brees brought the slips to America 50 years ago. The trees began to decay some years ago, with the result that all of them are now down.

Rings Round Eyes

The illa peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Quaint Compliment.

On Mark Twain's seventy-second birthday a Hartford clergyman said to him:

"No wonder he, finds happiness in old age. All the good would be happy if they were as sympathetic and as kind as he. He is constantly, going out of his way to please others, and the result is that he is continually pleasing him."

"Listen, for instance, to the quaint compliment he paid me the last time he came to hear me preach. We waited for him at the church door at the end of the service and, shaking me by the hand, said gravely:

"I mean no offense, but I feel obliged to tell you that the preaching this morning has been of a kind that I can spare. I go to church, sir, to pursue my own train of thought. But today I couldn't do it. You interfered with me. You forced me to attend to you, and lost me a full half hour. I beg that this may not occur again."—New York Tribune.

Only Pipe Dreams.

Up in the choir loft the row of painted angels which ornamented the apex of each organ pipe stared down into the pit of frivolity below.

"Ah," gushed the alto soprano, as she gazed up at the remarkable-looking seraphs, "aren't they dreams?"

"Yes," murmured the short tenor, as he disagreeably spurned with his foot the double pipe of hymn books which he stood upon to secure the dignity of height, "but, like all other angels we know anything about, they are only pipe dreams."—New York Tribune.

Bouquets for Americans.

I notice that American dressing always seems systematic, never haphazard, and I can not help admiring the way in which they unite Parisian chic and American cuteness in their nationalities. One never sees the American woman looking depressed, or the necktie other than taut and trim.—Daphne in London Black and White.

Women and the Theater.

The first aim of the modern playwright is to please the women in the audience. The second thought is for the female characters in the play. If a play fails favor with the women, it is bound to be a success. The men will go or only because she is there or to act as her escort.—Theater Magazine.

The New Fire Marshal.

After more or less uncertainty and delay, during which time C. M. Barnett and Stanley Milward were both named as Fire Marshal only to decline, a selection has finally been made in this responsible office. W. F. Neikirk, a lawyer, of Springfield, Washington county, has been appointed to the place and has accepted, promising to give his entire time to the duties of the office. The insurance companies pay \$14,000 a year to maintain this office. The Fire Marshal gets \$2,400 and the rest is at his disposal for detectives and for operating expenses. Mr. Neikirk has a great opportunity awaiting him. Three great raids by night riders and numerous smaller acts of incendiarism are still unpunished. In the case of the Hopkinsville raid, the investigation has only begun. It offers a fruitful field for further and systematic work. If Mr. Neikirk is a capable man and will use the means at his command he can do much effective work here in Hopkinsville. What Kentucky needs just now is a Jerome, a Folk or a Francis J. Heney, a man of courage, of keen intelligence and legal ability, who can take a clue and work it to a conclusion, who can see into things like Sherlock Holmes and execute like Frederick Funston. If Mr. Neikirk is that kind of a man, he has the opportunity of a life time before him. The Courier-Journal, discussing this opportunity, says:

"The task which confronts Mr. Neikirk is no easy one. Some cavaliers will tell him he undertakes the impossible and the hopeless in embarking on the discovery and prosecution of the night riders. It is just because the task is so difficult and the odds so great that his success will make him 'the man of the hour.' Every man who has become a people's hero has won his position by overcoming the impossible and the hopeless by forcing his way through perils, unscratched. Kentucky's eyes are upon Mr. Neikirk—also the hopes of its law abiding citizens."

President Roosevelt has made the prediction that Taft will be nominated on the first ballot.

The Society of Equity in Kentucky will soon begin to wage war on the American Tobacco Company in the courts for violation of the State Anti-Trust Law, passed in 1890, and it is probable that the first attack will be made in Fayette county where the grand jury convened Monday. New Ruling.

Under a ruling recently adopted by the postoffice department, a great change will be marked in the subscription list of country newspapers. The order is as follows:

"A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid, within the following periods:

"Dailies, within three months; tri-weeklies, within six months; semi-weeklies, within nine months; weeklies, within one year; monthlies, within four months; bi-monthlies, within six months; quarterlies, within six months, they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound, but be mailed at the transient second-class postage rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed.

"Postmasters should scrutinize mailing of publications entered at their office as second-class matter to ascertain whether the publishers are complying with the law and these regulations.

"Every postmaster having reason to believe that a publication passing in the mails as matter of the second-class is not entitled to the second-class mailing privileges, either by reason of the character of the publication itself or of irregular methods or practices pursued by the publishers, is expected to report the matter promptly, with any evidence or fact in his possession, tending to support such belief, to the Third Assistant Postmaster General."

Between the paper trust, which trebled the cost of blank newspaper, and the luring of the postoffice department, newspapers are not now-a-days sitting at ease, or rolling in wealth.—Glasgow Times.

Clarksville, Tenn., Jan. 9.—George Smith is spending the day in Clarksville. He is en route from Decatur, Mich., to Edgar, Fla. Mr. Smith stepped off the Illinois Central train this morning believing he was in Nashville. He had been instructed to take a hack at the depot and go direct to the Union Station in that city, where he would catch a train for Florida. He accordingly got in a cab and went to the L. & N. depot before he discovered that he was in the wrong city. Mr. Smith said Clarksville had every appearance of being a city like Nashville, and he did not "get next" until he saw the L. & N. depot. Of course he knew he was in the wrong city when he noticed the depot.

DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child - Suffered for Three Months - Disease Reached a Fearful State - Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Mrs. Anabel Wilson, North Branch, Mich., Oct. 20, 1907."

ITCHING CURED With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, face, neck and hands. It was so bad that I could not rest night or day and during the day I was unable to do any work. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the drugstore. I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and will cure others in the same way. J. W. Bloom, R. R. Telegrapher, Hollywood, Mich., Nov. 20 and Dec. 29, 1907."

CORN SHOW. Five Hundred Dollars in Prizes and Souvenirs Given Away.

Henderson, Ky., Jan. 11.—A great corn show was held here today. Two hundred and twenty-two samples of the various kinds of corn were on exhibition in the store of the Norris & Lockett Hardware Company. More than 3,000 people visited this exhibit, and premiums, which were high class agricultural implements, were given. There were three kinds of corn, for which first and second premiums were awarded—white corn and hominy corn, white feed corn, red and yellow feed corn. Five hundred dollars in premiums and souvenirs were given. A move is afoot to have this an annual affair, with the Henderson Commercial Club at the back of it.

Premium Toast.

The Louisville Times recently offered a \$5 prize for the best New Year's toast to Kentucky, and it was won by Rev. Hugh McCallan, of Richmond, whose toast was as follows:

"Kentucky—not the oldest nor the youngest state; nor yet the richest, nor yet the poorest; nor the largest nor yet the least; but take it all in all, for men and women, for flocks and herds, for fields and skies, for happy homes and loving hearts, the best place outside of heaven the Lord ever made."

These kind words came at a time when they are badly needed. God bless old Kentucky, with all her faults we love her still.

Most people know that if they have been sick they need **Scott's Emulsion** to bring back health and strength.

But the strongest point about **Scott's Emulsion** is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

ALL DRUGGISTS 50c. AND \$1.00.

SIGNOR SCALVINI.

Representative of Italian Government Calls on Gov. Willson.

Has Been Looking Into The Tobacco Situation in Western Kentucky.

Frankfort, Ky., Jan. 13.—Signor Scavini, a representative of the Italian Government in New York, was in Frankfort Saturday and held a conference with Gov. Willson on the tobacco situation in Western Kentucky.

When asked what action the Italian Government would take to recover the loss sustained in the destruction of its property, Signor Scavini said he could not tell, as that matter rested entirely with the Italian embassy at Washington and that he had not consulted the embassy since the raid on Hopkinsville. Since coming to Kentucky he has visited Paducah and Madisonville, two of the points where the Italian Government has warehouses located, and he will return within a short time and make inspection of all of the points and report to his superiors. While the exact value of the Italian property destroyed by the "night riders" in the raid on Hopkinsville has not been definitely decided, it was stated by Signor Scavini that the loss was estimated at about \$10,000.

It was also learned that the Italian Government will hold the United States Government responsible for the loss and that the American Government in turn, will hold the Kentucky Government responsible, and it is said, in view of this the Kentucky authorities consider it cheaper to use the military arm of the law to protect the Italian interests than to be compelled to pay a large sum for the destruction of property when such destruction could be avoided at a much smaller cost.

Nashville Bank Offer.

Paducah, Ky., Jan. 12.—Bankers in the dark tobacco district are not manifesting any keenness to take up the proposition of the American National Bank of Nashville to furnish all the money desired with which to make advances on association tobacco. They insist that they can make as good arrangements to furnish the money as the Nashville institution. The bank at Hardin, Ky., communicated with the Nashville bank concerning the proposition and received a reply to the effect that the Hardin bank should open an account with the American National and deposit security for the advance. The fact that the association fixes the price of its product and demands an advance of 60 per cent. of this value is the great deterrent to securing funds to finance the pool.

NEWMAN'S PLAN.

State Factory as Remedy For Tobacco Situation.

Frankfort, Ky., Jan. 9.—A settlement of the tobacco troubles in Kentucky may be effected by using the convicts in the State penitentiary and the inmates of the school of reform in the manufacturing of plug and twist tobacco under a plan which has been proposed by Senator J. W. Newman. Senator Newman offered a resolution in the senate this morning providing for the appointment of a joint committee of the house and senate to investigate the tobacco troubles and try to arrive at some plan which will bring an end to the difficulties which now present themselves. The committee will try to recommend such action as will insure a square deal to the producer and seller of tobacco and is composed of the following senators: J. W. Newman, Conn Linn and Joe Bosworth.

Amount Goes There to Escape Cancellation of Policies.

Louisville, Ky., Jan. 10.—Tobacco from all parts of the State is being hurried to Louisville for storage in warehouses where it may be insured in order to escape the cancellation of the policies or the refusal of new risks in accordance with the policy which has been adopted by most of the fire insurance companies doing business in the State, owing to apprehension of further raids by night riders. Local insurance men said today that no orders had been received for the cancellation of policies on tobacco stored here.

THE FINISHING TOUCH.

The Puritan fathers were strong, fast, inflexible of purpose they knew not, nor the meaning thereof.

"Since it is appointed to us," they remarked with grim determination, "to forge a New England conscience, we'll do the business right. We'll forge a New England conscience that will cause the world to sit up and take notice, sassafras anacardium, wassa willow end."

The difficulty, as it presently developed, lay in making the affair elastic enough, without being too fatty. "We don't propose to have it puncture the first time it goes up against high finance, or polite society, or municipal politics," quoth they, and they were as good as their word. They went out and stole the Indian's land, and when he showed his spunk, they didn't do a thing to him, and behold as soon as they had wrought these works, the New England conscience was complete.—Life.

RULES FOR A MAN WHO IS CONTEMPLATING MATRIMONY.

Facts to ascertain when meeting an attractive young woman with whom you may fall in love:
Is she selfish? You can tell this in three ways: By the manner in which she listens to what you say, by the way she accepts what you do for her and by the difference between the way she treats you and the way she treats others.
Is she tickle? If she talks about light things she isn't. Deep, she is. Is she extravagant? By the way she protests against your spending money on her, and always arranges matters so that you can't help but do it.
Is she a bad housekeeper? By the way she dresses. If she isn't apt and open, she isn't. If she is, then she is.

THE SOLUTION.
When you have satisfied your mind that she is all of these things, marry her at once, if you can get her, for the following reasons:
First, because if she really loves you she will change.
Second, because if you love her, it will be so much more interesting.
Third, because you are probably mistaken about her, anyway.—Judge.

Metropolitan Alms.
"Well, how is everything progressing?" asked the patent-churn man, who had just returned from a two-months' absence. "Fronty's gone ahead any?"

"Aw, you betcha 'tis!" promptly replied the landlord of the tavern, who was filled with local pride. "Fronty's town is getting metropolitan and metropolitan every day of the world! Why, lemme tell you; Bilderback, the owner of the O'Pr'y House, has just whirled in and built a commodious new dressing room for the bloodhounds and an ice house for Eliza. After this, when Uncle Tom's Cabin comes to this town it can be played just exactly as Harriet Beecher Stowe wrote it! And if that ain't going some, I d'know what you'd call it."—Puck.

Hygiene.
The young crown prince of the Canibal Islands took careful aim at the plump missionary. His blunderbuss was loaded with birdshot, but there was about a quart of it, and at the distance—10 feet—he was confident of results.

But as his finger was about to tighten on the trigger, his royal father struck up his arm.
"Hold," he cried, sternly. "Oh, my boy, never, never shoot a missionary with a blunderbuss. Would you give all of us appendicitis?"

"Ye will, will ye?" Maggie retorted. "I'll have ye know, mum, that I've bin workin' out two years, an' I've worked for 38 of the best families in town, an' I ain't never bin discharged yet. I'm leavin' this afternoon for a better place."—Judge.

FRENCH PREDICT CLASH WITH JAPAN

American Fleet Advised to Be On the Watch For an Attack.

Paris, Jan. 9.—The sensational section of the French press continues to dwell upon the probability of a clash between Japan and the United States.

Lo Pressa today publishes a long interview with M. Jacques Flach, the historian and professor in the College of France, who declares his belief that a conflict is certain for the reason that Japan seeks war.

He advises the American fleet to be on the watch for a sudden Japanese descent, and asks:

"Who knows if the attack made by the Japanese on the Russian ships at Chemulpo will not be repeated upon the American ships tomorrow?" Continuing, M. Flach advises Great Britain and France to intervene and put an end to the troubles before it is too late.

The Journal des Debats, a more conservative paper, believes that in the event of a clash Japan would try to seize Hawaii as the territorial key to the situation.

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Panama, Mo. Its timely use always prevents the development of pneumonia. Sold under guarantee at R. C. Hardwick's drug store. 50c. and \$1.00 Trial bottle free.

SOLDIERS REMAIN.

Gov. Willson's Further Plans Not Yet Known.

Now that the special court has adjourned, the question is being asked how long the soldiers will remain. Nothing has yet been done and Gov. Willson will probably not recall the troops for some time. It is not unlikely that the new Fire Marshal, be sent here to resume the investigation, if Gov. Willson is determined to get at the bottom of the trouble. Many clues have been discovered that have not been worked out, as the grand jury only acted on testimony submitted by Mr. Ayers.

The matter is in the hands of Gov. Willson and he will doubtless not abandon the effort to secure evidence until every resource has been exhausted.

How is Your Digestion.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at R. C. Hardwick's drug store.

AIDS TO BEAUTY

PRACTICAL LITTLE HINTS FOR THE WOMAN WHO CARES.

Perspiration Helps to Keep the Skin Clear—How to Cure a Dry Skin—To Remove Blackheads.

Keep Skin Clear—Perspiration opens the pores favorably, and hence is a prime beauty aid. It is not, as so many are kind to the complexion and are held to be largely responsible for the fresh piquancy of the young. It is the "skin" complexion. The fog seems to lie close against the cheek, soft and luscious, like kisses from velvet lips. You will find that every one, be it man, woman, or child, who drinks quantities of water will have a clear and soft skin, as pink and white as a baby's. Water, if drunk in great quantities, will cause perspiration, which clears out the pores and makes them healthy. It also cleanses the skin. It prevents the skin from becoming hard, dry and close, and is thus indirectly a preventive of wrinkles. The stout woman need not be afraid to drink water because she thinks it will increase her weight, for it will not unless, of course, she drinks it with her meals. It is a mystery why women do not drink more water, for every doctor will advise his woman patients to drink lots of water. It is such a simple remedy and is so much easier to take than medicines. Still, it is almost impossible to make many women believe that they will derive benefit from anything but medicine.

To Remove Blackheads—Blackheads are the result of the skin failing to throw off its impurities. The perfectly cleansed face has no blackheads. Many who are afflicted with blackheads deny this, as they are likely to think they are clean, but few of us know how to cleanse our faces properly and thoroughly. Not enough can be said about the nightly scrub with the flesh brush and soap and about the morning wash. Wash the face every night, even if you are so sleepy and tired that nothing matters, so long as you get to bed. If the habit is formed, the task will soon become a mechanical one and will be part of the joy of undressing. There is no hope for the girl who is too indolent to do this. She must make it a habit to throw off all her impurities. To remove Blackheads—Blackheads are the result of the skin failing to throw off its impurities. Many who are afflicted with blackheads deny this, as they are likely to think they are clean, but few of us know how to cleanse our faces properly and thoroughly. Not enough can be said about the nightly scrub with the flesh brush and soap and about the morning wash. Wash the face every night, even if you are so sleepy and tired that nothing matters, so long as you get to bed. If the habit is formed, the task will soon become a mechanical one and will be part of the joy of undressing. There is no hope for the girl who is too indolent to do this. She must make it a habit to throw off all her impurities.

Different skins need different treatments, but one knows no end of women who go to the beauty parlor and buy a cold cream, only to find it does not make any difference; it's a good cream, so she uses it.

Get Oil for Dry Skin—Women who suffer from a dry skin will be wonderfully benefited if they will take a tablespoonful of olive oil after each meal. Benson, which is far too assuring for many complexions, is excellent for a dry skin. Benson will have a wonderful effect upon the too dry skin. To make some fine meal for breakfast at home, mix four pounds of fine oatmeal and two quarts of clean bran together and add one and a half pounds of powdered oats, one and a half pounds of almond meal, and one-half pound of white castile soap ground up. Three ounces of sachet powder of any kind to suit one's taste may also be added.

These are simple luxuries and they make the skin exquisitely soft and fresh. They are used exactly like soap and make a soft and fluffy lather. The hags must be stuffed so lightly that they may be rubbed over the face just like a wash cloth. Each bag may be used three times. After each use it should be thoroughly dried in the sun. It is best to make a large quantity of the meal and put it away in closed jars, only filling five or six bags at a time. The hags should be made of soft cheese cloth.

The almond meal is made as follows: Powdered orris root, four ounces; wheat flour, four ounces; castile soap, finely powdered, one ounce; pure borax, one ounce, oil of bitter almond, ten drops; oil of bergamot, two drops; tincture of musk, one dram. Put into a bottle or jar having a perforated top and shake well so as to mix the ingredients. When ready for use wet the hands and then shake a quantity of the meal through the shaker top of the jar. Rub the hands together and also over the face, and a delicious lather will form.

Don't Have Rough Hands—Wash your hands in sugar water; dry them with corn meal, night and morning.

A Remodeling Hint.

When buying new goods for an old dress, considerable care must be exercised to select something that will make the old goods look better instead of worse.

It is better to have the new material of a different texture. For instance, new velvet will look better with old silk; black, that has been worn some time will look better if made over with some other color. If it is desirable to have the dress all black, buy the same color black and change the texture. Black chiffon makes a worn cloth lifeless, while other materials will give it a fresh look.

The bodice linings are often perfectly good while outside is worn out, needing, perhaps, just a cleaning about neck and waist, and a new bones and casings. They can easily be utilized with the more or less fancy waist for house or evening wear.

Halloween. Kibbles and Patty and Billy and ME planned it. At the school yesterday.

Halloween Night is the time for some fun. That is the Night for the Spirit's run! Go out at dark we met up by our shed; we went off to the place and a few "first things we did was 2 more Brigham's gate."

They went on to a very brisk race, next was a joke on Frank Tinker, by the way.

He is a courtier Miss Harriet King! We found the Rig. It was hitched by the store.

Steve drove it up 2 Miss Harriet's door, when we had fastened the horse to the Latch.

We skinned away through the Gooseberry patch. Down by the school we found Lots of boys.

They were making a Terrible Noise. I tied the Entry Way there was a MULE.

Last 2 the rope of the Bell of the when we found Tickle the Mule with a Kick.

He would call School every time with His Kick! Rite in the midst of the Fun summon

"There is the Marshall! Look out, Fellers! Bide!" Gracious, no hat felt kerplunk with a Thud.

He was a Racing towards us for Bide! It was a very short time since then Bide we was arrested for swimming that Way.

If we was caught we wood suffer this! Maybe you think that his Kids didn't climb.

Somewhat I jostled Stub White in the Rush. We both cum in the Mud with a Mule.

Next thing I felt was a grab at my Feet! I jerked away and skipped fast up the Street!

I could hear Stub running off to the West! I tell you now that I inhaled my Beat! They was a lot of arrests—Which is rite there is a Dosee bad boys now in jail!"

Cracky, I felt I was turning quite pall! "William," said pa, looking stern as the

we only stopped for a minute 2 play—Next thing we did—wood we awl went that was true that I told, anyway—I never let my Dad—don't pay if he had seen us a scolding, by gum, he wood believe we was going—well, ROM!"

Geet it was Phunny the way that the jingled and the Ball of the School!

By the Way. If my pet theories would work like the patent medicine men say their medicines do, I would be rich in thirty minutes.

A friend of mine dreamed he was killing a mosquito the other night. Just as he had swatted the nuisance a terrific pain, he was awakened by a scream of pain from his wife. He had handed on her face instead of on the luckless form of his imaginary mosquito. And now his wife won't sleep with him any more!

Anticipated pleasures are luscious watermelons; the realization of them are citrons.

When you see an old duffer awkwardly engaged in chewing gum, you can safely presume that he is trying to break the habit of tobacco chewing. A rubber eraser is good, too.

A fellow out in my town raised a lot of tomatoes in caisy bottles this year, and is experimenting with home-grown chillsauce. He plants sharp blades of grass among his green tomatoes and after the tomatoes are all cut up, he adds the necessary spices by hand, casts the crop in the field and does away with a lot of trouble in the kitchen.
